LIBRARIAN'S REPORT

January 1, 1953.

To the Trustees of the Chesterfield Library:

I shall try to make this report as complete as possible under the circumstances. During the past year the number of books loaned from the main library was 3,233. There has been quite a drop in circulation because the state book mobile now leaves books at the school.

Carolyn Dutton should be given a great deal of credit for the time and hard work she put in to clean the library. Everyone who has come into the library has mentioned how nice it looks.

For the past two months we have had a storytime for the children of the town at 4:00 o'clock Saturday afternoons. Mrs. Helen Robinson, Mrs. Laura Atema, and Barbara Nurse have assisted me with this time. During the next year it is my hope that we can interest more children and grownups in this project. The children who have been coming seem to enjoy it a great deal.

The Children's Room has undergone a change. The books have been rearranged and grouped differently to aid the children in selecting those that they want. The younger children's books have been placed more conveniently for them. Cushions have been placed on the floor in order that the children may sit down and really look at the books. The chairs are too high for most of the children.

I have enjoyed my work a great deal. My only wish is that the townspeople were more aware of the fact that there are few towns of this size that can boast of such a fine library. Any person visiting the library for the first time is really amazed.

As far as I can judge, 77 new books have been purchased this year. We have also received several donations.

Respectfully submitted,
AUDREY J. CHICKERING,
Librarian.

SUPERINTENDENT'S REPORT

The school children of Chesterfield continue to profit from the advantages of their modern school building and its comfortable and attractive facilities. After the first year of making the many adjustments necessary for living together under one roof, instead of three old ones, the school program is running smoothly and well.

Only one change has taken place in the past year in the teaching staff. Mr. Lawrence Hoik resigned to accept the principalship of a Massachusetts school and Mr. Robert DeLancey was employed to take his place as teacher of the seventh and eighth grades and principal of the school.

Mrs. Marion Nurse is carrying on the lunchroom program in the same tradition of good cooking as established by Mrs. Hooper. The children must enjoy the meals for a larger percent of the enrollment participates in the lunch program, than in any other school in the supervisory union.

The transportation problem has smoothed out well with Mr. Henry Chickering providing the community with safe and dependable service on the major bus routes.

One of the best measures of a successful elementary program is shown in the success of those pupils who continue on into high school. Many of our high school pupils are doing excellent work and only a few have failing grades in some subjects. During the past few years, the rate of drop-outs from high school has been very low, less than half that of neighboring communities.

The people of Chesterfield have every reason to be proud of their school house and satisfied with the work of the instructional staff. As school superintendent, it has been a pleasant experience to work with a progressive and capable school board during the year.

CHARLES L. BOWLBY,
Superintendent of Schools.

REPORT OF THE MUSIC SUPERVISOR

I hereby submit my report concerning the music program in Chesterfield. The requirements in the course of study for New Hampshire have been completed in all grades. Rote songs started with the first grade and have continued up through the other grades. Syllable reading started with grade two and is taught through grade six. Part songs are taught from grades four through eight.

The lower grades have in addition, game songs, folk songs, and a rhythm band. The upper grades are developing interest and enjoyment in square dancing. Tonette bands in grades 4, 5 and 6 have been helpful and successful in devolping a foundation interest in music.

Programs were presented to the public at Christmas and on Memorial Day. The glee club prepared music for the graduation exercise.

The Chesterfield pupils show a sincere interest and appreciation in their music program.

AZALEA WILSON,
Music supervisor.

LUNCH PROGRAM REPORT

The Lunch Program opened the first day of school, September 8, 1952. I served 1,912 meals during September, 2,582 in October, and 1,789 in December. Owing to a water shortage, no meals were served in November.

Charges for meals are the same as last year; $1.00 the week or 25 cents per day. The Program has been self-supporting with the help of surplus commodities received and reimbursment of 6 cents for each balanced meal served to a child. So far I have received one reimbursment check ($148.63) for the month of October. September and December are still due.

December 19th I served the following Christmas dinner:

Roast Turkey Peas Mashed Potato
Celery Cranberry Sauce Hot Rolls Ice Cream

Each child in school was invited to eat this meal.

Every day, two children help set tables and serve, and two others help wash the dishes. The servers receive 50 cents a week and the dish washers $1.00. Mr. Cherrie is always there to help in any way he can.

At the request of Mrs. Warner, the school nurse, I have been making sandwiches and cocoa for several underweight children. These refreshments are served during afternoon recess.

I thing, as a whole, the program is proving successful, with very little waste and plenty of cooperation from the teachers, pupils, and Mr. Cherrie.

Respectfully submitted,
MARION NURSE.

PRINCIPAL'S REPORT

CHESTERFIELD CENTRAL SCHOOL

On September 3rd, 1952, the Chesterfield Central School opened with a total of 163 pupils. The number of children has decreased to 156, at the present time. The largest single grade is at the 4th grade level with 29 children enrolled.

The school was closed during the last week in November at which time the artesian well was deepened to alleviate any further water shortage. The three extra days of vacation will be made up at a later date.

Since any good education program is dedicated to the development of the whole child, all activity throughout the school year must be directed toward the academic, social and physical growth maintaining along the way close contact between both home and school environment.

Visual aids are extremely valuable as methods of instruction and thereby helpful in promoting academic growth. The school is most fortunate in owning both a motion picture projector and a filmstrip projector. Various films are shown from time to time to the entire student body and filmstrips are used by some of the teachers in classroom instruction. Such films and filmstrips are selected to coincide, as closely as possible, with current school work and vital human problems.

Square dancing, both as a part of the music program and as recess recreation, has been very enthusiastically received by the children. Two albums of records are owned—one of which was a gift from the P. T. A. It is hoped that interest in such worthwhile recreation will continue.

This year's magazine drive was a great success. A profit of $106.36 was realized, which will help finance the annual trip of this year's graduating class. Many thanks are due all who supported this social activity.

The school lunch program is under the management of Mrs. Marion Nurse of Chesterfield. She is assisted daily by two students from grades seven and eight who set tables and serve and other designated students who do dishes. An estimated 125 children are served a hot, well-balanced, noonday meal at a very low cost. In addition to the regular lunch, underweight children enjoy a milk drink and sandwich during the afternoon recess.

The P. T. A. meetings to date have been rather well attended. Of special interest have been the two at which Superintendent Charles Bowlby has clarified school law in relation to both the parent and the pupil.

Safety of our children is of great concern to us all. Since transportation of the school children occurs along well-traveled roads, steps are being taken to assure maximum safety. A child is permitted to leave a school bus only when such action is considered safe by the driver. Each child has been instructed not to cross the road until the bus has proceeded onward and both ways are clear. Such precautionary measures tend to approximate the care each one of us, as a parent, would give our own child.

It is the wish of all that all of the youngsters may continue to grow in stature, and in mind, and with an increasing ability to adjust to the everyday problems around them.

Respectfully submitted,

ROBERT C. DELANCEY,
Principal.

TEAM WORK WILL DO THE JOB

Teamwork has won victories from time immemorial—for families, towns, cities, states and nations. Team work is the highest form and most democratic example of cooperation. Without team work, America and Americans would never have achieved the greatness that is theirs. We are all aware of its power and appeal. It is no less needed now than in the past.

Team work among those who live, work and recreate in and near the woodlands, is vital. There never was a time when our woodlands as a whole were in such precarious condition as they are now.

Since the hurricane, nearly 900,000 acres of slash have been added to our already sizeable slash problem. If we are to avoid unnecessary trouble with fire in our woodland areas everyone must cooperate—we must have team work. The remedy is simple—

YOU and YOU and You and You

MUST secure the required permit from your local forest fire warden before burning.

MUST use necessary precautions while burning or smoking in or near woodlands.

MUST not throw lighted cigars, cigarettes and matches from vehicles moving along highways.

Otherwise YOU might well contribute to a costly and damaging fire. And don't forget that fire might destroy your own property!

REMEMBER—Only YOU and YOU and YOU can prevent fire!
TEAM WORK WILL DO THE JOB!

Number of local fires, 2.
Number of acres burned, ¼.
Number of permits issued, 81.

ROGER SPAULDING,
Forest Fire Warden.
F. J. BAKER,
District Chief.
